

Antenna unit

Type code	S3-H010
Supply voltage	5V DC (Supply from control unit)
Operating temperature	0...+40°C
Storage temperature	-10...+50°C
Protection class	IP54
Cable material	PVC
Applicable Data carrier	S-D011-8K, S-D021-8K

■ Please request the instruction manual for details of the specification.

Processor unit

Type code	S6-U001
Interface	USB
Supply voltage	5V DC (USB BUS-power)
Current consumption	0.45A
Operating temperature	0...+40°C
Storage temperature	-10...+50°C
included	USB cable, 1 m CD-ROM

■ PC unit

PC unit control to read or write the data to Data carrier by connecting with USB port of PC.
